If you would like us to use the same information from last year please denote that.

### **Hosting a Sponsor:**

During the 2018 show we will be allowing certain levels of sponsors to be hosted or matched with a hitch. The sponsor's sign would be attached to the tailgate of your wagon and during the show your hitch would be announced with your requested name, then followed by "Sponsored by X Company"

A sign with the sponsoring company's information would be displayed in front of your stalling area.

You would also be open to the sponsor patrons visiting your stalling area, learning more about your hitch as well as attending a sponsor/ exhibitor reception on Thursday evening.

You would be willing to allow the sponsor to ride on your wagon to exit the arena from the classic series six on Sunday.

**If you are open to "hosting" a Sponsor during the Big Thunder Show please check here \_\_\_\_\_**

**To accommodate the Sponsor Host program– the exhibitor appreciation luncheon will be moved to Thursday evening this year and sponsors will be matched with hosts at the dinner.**
